

Coalition of Northeastern Governors (CONEG)

Birla Carbon's carbon black products include all ASTM, BC, CD, Conductex®, Copeblack®, PM, Raven®, and Ultra® grades.

To the best of our knowledge, lead, mercury, cadmium, and hexavalent chromium are not intentionally added to Birla Carbon's carbon black products during the manufacturing and handling processes.

Birla Carbon's carbon black products may contain lead, mercury, cadmium, and hexavalent chromium as impurities resulting from the manufacturing process. Total levels for these metals are not expected to exceed 100 ppm.

The information presented within this publication is based on Birla Carbon's analysis and the analysis of others. Birla Carbon disclaims all representations and warranties regarding performance or use, express or implied, including implied warranties of merchantability and fitness for a particular purpose. The user is responsible for determining the suitability of any product for a specific purpose and the manner in which the product is used. Before handling, using, or processing any material, always read its Safety Data Sheet.
