

Halogens

Birla Carbon's carbon black products include all ASTM, BC, CD, Conductex®, Copeblack®, PM, Raven®, and Ultra® grades.

Analyses for iodine or fluorine have not been performed. These chemicals are not used as feedstock or additives in the production of carbon black. Birla Carbon does not expect that these chemicals would be present in our products, and therefore we do not perform testing for these substances.

Analysis was performed using X-Ray Fluorescence (XRF).

	Birla Carbon's Carbon Black Products
Elemental Chlorine content	< 500 ppm
Elemental Bromine content	< 500 ppm
