

RAVEN 2800 ULTRA

High jetness carbon black for use in high value plastics requiring improved dispersion

BIRLACARBON.COM

Birla Carbon Raven 2800 Ultra carbon black is a high jetness black specifically designed for use in high value plastics such as engineering resins. This product provides the jetness, blue tone, and surface finish properties needed across diverse end-use applications including electronics, automotive, and household appliances. Raven 2800 Ultra carbon black is an excellent solution for processes and applications that require higher levels of dispersion.

TARGET APPLICATIONS

- High jetness plastic parts
- Leather coatings
- Powder coatings
- Industrial coatings

PERFORMANCE ADVANTAGES

- Small particle size
 - High jetness and attractive blue tone
 - Excellent UV protection
- Distinctive morphology
 - High structure for easy dispersion
 - Easy masterbatch dilutability
- Excellent physical/chemical cleanliness
 - Superior surface smoothness
 - Excellent processability

TYPICAL PROPERTIES

PROPERTY	UNIT	R2800U BEAD	R2800U POWDER
STSA	m ² /g	205	205
OAN	cm ³ /100g	95	100
325 Mesh Residue	ppm	<20	<20
Tinting Strength	% IRB #3	135 ⁺¹	135 ⁺¹

1 - The ASTM Tinting Strength value for high surface area products plateaus at about 135% ITRB, consequently ASTM Tinting Strength is not indicative of performance for this range of products.

The Birla Carbon team will collaborate with you to find the best possible solution for your carbon black needs. Please contact us to request additional information.

ABOUT BIRLA CARBON

Birla Carbon is a leading global supplier of carbon black. As one of the flagship businesses of the leading Indian multinational conglomerate, the **Aditya Birla Group**, Birla Carbon provides innovative sustainable carbon black solutions that enhance the performance of paints and coatings, inks and toners, plastics, adhesives, sealants, textile fibers, mechanical rubber goods, tires, Energy Systems, and Sustainable Carbonaceous Materials.

As an ardent practitioner of sustainable development, Birla Carbon's Sustainable Operational Excellence (SOE) strategy focuses on employee safety, environmental stewardship, efficient use of carbon sources, product circularity and sustainability, and a key focus on conducting operations in a socially and

ethically responsible manner. Birla Carbon has been recognized by EcoVadis since 2016 as an advanced practitioner of sustainability. Our current rating is available on the Birla Carbon Sustainability webpage.

Birla Carbon's Purpose, 'Share the Strength', is about balanced and shared leadership, working at the product level to innovate cutting edge solutions through collaboration with its people, customers, and communities and backed by knowledge built over a century.
